Go-karting

Skiing

WORK EXPERIENCE

Architecture Intern

TFM Group - Baku, Azerbaijan

Aug 2022 - Sep 2022

- Led project planning by organizing tasks and setting deadlines, improving task completion by 10%.
- Enhanced design aesthetics by incorporating modern architectural elements, boosting client satisfaction by 15%.
- Collaborated with senior architects on 3 major projects, providing support in drafting and model making.
- Conducted detailed site analysis, identifying key areas for improvement, which increased design efficiency by 20%.
- Conducted extensive research on materials and design trends, informing decisions and enhancing project success.

Architecture Intern

Makro2000 Group - Baku, Azerbaijan

May 2023 - Aug 2023

- Developed and implemented sustainable design strategies, increasing efficiency by 15%.
- Conducted thorough reviews of architectural plans, ensuring 100% compliance with industry standards.
- Performed regular site inspections, identifying and resolving issues, which improved quality control by 20%.
- Facilitated team collaboration by organizing regular meetings and communication channels, improving project coordination by 25%.
- Implemented efficient project management practices, streamlining delivery processes and boosting coordination by 30%.

Architecture Intern

AR FHN TTNDA Azerinşaatlıyihə DBLKTİ - Baku, Azerbaijan

Jan 2024 - Apr 2024

- Developed innovative facade designs using advanced modeling techniques, increasing client approvals by 20%.
- Created detailed and precise Revit models, which reduced the need for revisions by 30%.
- Produced high-quality renderings using state-of-the-art software, boosting approval rates by 25%.
- Enhanced project visualization by integrating advanced rendering techniques, improving planning efficiency by 20%.
- Increased design precision by meticulously reviewing project details and incorporating feedback, improving accuracy by 15%.
